

# Alexandra Chen

+1 (415) 555-0198 | San Francisco, CA | [alex.chen@example.com](mailto:alex.chen@example.com) | [github.com/alexchen](https://github.com/alexchen) | [linkedin.com/in/alexchen](https://linkedin.com/in/alexchen)

## EDUCATION

---

### Stanford University

*B.S. Computer Science*

- Dean's List, Stanford Engineering Fellowship
- Relevant coursework: Machine Learning, Distributed Systems, Algorithms

Stanford, CA  
*Sep 2018 — Jun 2022*

## WORK EXPERIENCE

---

### Software Engineer

Stripe

- Built real-time fraud detection pipeline processing 10M+ transactions daily
- Reduced payment processing latency by 35% through caching optimizations
- Led migration of legacy billing system to event-driven architecture

Jul 2022 — Present  
*San Francisco, CA*

## PROJECTS

---

### OpenTracer ([github.com/alexchen/opentracer](https://github.com/alexchen/opentracer))

- Open-source distributed tracing library with 2K+ GitHub stars
- Supports OpenTelemetry, Jaeger, and Zipkin backends

2023

## SKILLS

---

Python, Go, Rust, TypeScript | PostgreSQL, Redis, Kafka | AWS, Kubernetes, Terraform
